7. (Unclassified - RJK) ADMINISTRATIVE Received a call from Sue, on the staff of Representative William J. Hughes (D., N.J.), who requested page size maps of several Middle East countries. I told her I would put these in the mail to her along with a brochure outlining the maps available from the Government Printing Office.

8. (Unclassified - DFM) LEGISLATION In [REDACTED] absence, STAT took a call from Bill Jones, INR/State Department, regarding the Agency's comments to OMB on the State Department position on H.R. 1311. OMB has sent our letter to the National Security Council for comments and the State and Justice Departments for information. Jones does not agree with the position in our letter, i.e. that the bill could be interpreted to prevent certain covert actions, but was unsure regarding how the State Department would respond.
